9:50	These buses do not return to Cherry Street.							
12:05 a.m.								

R On-board request only.

Bike & Bus

it's as simple as...

1 Place bicycle tires in the frame.

2 With bike in place, pull spring-loaded clamp over your front tire. Always confirm that your bike is secured in the rack before getting on the bus. The driver can provide verbal assistance if needed.

3 To remove your bike, pull the clamp up to release and gently fold it down to its starting position. Remove your bike and ride safely!
