# Bike & Bus

*it's as simple as...*

**1** Place bicycle tires in the frame.

**2** With bike in place, pull spring-loaded clamp over your front tire. Always confirm that your bike is secured in the rack before getting on the bus. The driver can provide verbal assistance if needed.

**3** To remove your bike, pull the clamp up to release and gently fold it down to its starting position. Remove your bike and ride safely!
