CCTA to Hold Public Meeting July 15

Anyone with ideas and suggestions for public transportation-related issues of the future is invited to join CCTA for a public meeting on July 15th at Contois Auditorium in Burlington's City Hall at 5:30 p.m.

CCTA is working with the Vermont Agency of Transportation to develop a Short-Range Transportation Plan. Public transit providers all over the State of Vermont are working to develop plans which will define goals and objectives and serve as five-year operational and organizational plans. In addition, the plans will describe existing services and resources, analyze current and future demand for service, and consider organizational and fiscal needs.

With more and more people using public transit as their alternative transportation method, the issues CCTA faces now and will be facing in the future have never been more important to the community.

Please join CCTA for the public meeting on July 15th. We look forward to hearing from you!

The mission of CCTA is to promote and operate safe, convenient, accessible, innovative and sustainable public transportation services in the Chittenden County region that reduce congestion and pollution, encourage transit-oriented development and enhance the quality of life for all.
