Vermont Rideshare: Revamped and Renewed

Montpelier, Vermont: With gas prices averaging \$2.80 per gallon statewide, Vermont's State Rideshare Program offers a better alternative to paying at the pump. The Rideshare Program has been revamped so we can better serve your needs to get you where you need to go. Van or carpool — we've got your match!

Did you know? Commuting 60 miles a day costs approximately \$800 a month. That's \$9,253 a year. If you carpooled with just one other person, your yearly savings would be over \$4500.

Vermont Rideshare can help you find that person so you can start saving money. We also provide an Emergency Ride Home benefit, which helps pay for the ride you need in case of an emergency.

Who is Vermont Rideshare? We are the Vermont Agency of Transportation, Advance Transit, Inc., Chittenden County Transportation Authority and Rural Community Transportation, Inc. We serve every county in the state. Whether you are traveling from Springfield or Swanton, we can help you find an alternative to driving alone. Simply log on to our new website at [www.vermontrideshare.org](http://www.vermontrideshare.org) or call us toll-free at 1-800-685-RIDE.

Start saving money and stress. Catch a ride with Vermont Rideshare.
